

**NO DENTAL INSURANCE?**

Here's something to smile about! In response to our patient's desires, we have created an in-office dental family plan in which our goal is to care for you and provides more affordable dental care for you and your loved ones.

This is a 12 month dental courtesy plan and is NOT dental insurance. This program cannot be used with any insurance, benefits, discounts, special offers, promotions, or outside the office. Any part of this program not used within a year of purchase is forfeited. New programs begin on date of when renewal payment is received.
